

## Pyung Kim

Postdoctoral Scholar

Center for Spatial Studies and Data Science

University of California, Santa Barbara

(Ellison Hall, Office 5834)

[pyungkim@ucsb.edu](mailto:pyungkim@ucsb.edu) | <https://pyungkim.github.io> | [Google Scholar](#)

### PROFESSIONAL AFFILIATIONS

|                                                                                      |                |
|--------------------------------------------------------------------------------------|----------------|
| Postdoctoral Scholar (Advisor: Peter Kedron)                                         | 2026 – Present |
| Center for Spatial Studies and Data Science, University of California, Santa Barbara |                |
| Research Affiliate                                                                   | 2024 – 2025    |
| Spatial Health AI Research Partnership, University of Texas at Dallas                |                |

### EDUCATION

|                                                                                                   |      |
|---------------------------------------------------------------------------------------------------|------|
| Ph.D. in Public Policy and Political Economy, University of Texas at Dallas                       | 2025 |
| <i>Brian J.L. Berry Scholarship (Highest Honor)</i>                                               |      |
| Dissertation: “Long-Term Effects of Neighborhoods on Educational Attainment by Disability Status” |      |
| Committee: Dohyoeng Kim (Chair), Richard Scotch (Co-Chair), Eugenia Gorina, Elias Cisneros        |      |
| M.S. in Geospatial Information Sciences, University of Texas at Dallas                            | 2025 |
| M.A. in Public Administration, Yonsei University                                                  | 2020 |
| B.A. in Public Administration, Ajou University                                                    | 2018 |
| <i>University President's Award for Outstanding Graduate</i>                                      |      |
| <i>National Excellence Scholarship of Korea</i>                                                   |      |

### RESEARCH INTERESTS

|                |                                                                                |
|----------------|--------------------------------------------------------------------------------|
| <b>Areas</b>   | Health Policy, Disability Policy, Environmental Policy, Administrative Burden  |
| <b>Methods</b> | Data Science, Machine Learning, Geo AI, Spatial Econometrics, Causal Inference |

### PUBLICATIONS \*Corresponding author

6. **Kim, P.** \*, Hahm, K., Kim, D., & Kowalske K. (2026). Regional disparities in community reintegration after burn injury: A multi-site comparison of clinical and structural factors. [Burns](#), 108190. (Forthcoming). [SCIE; IF=2.6, Q2]
5. **Kim, P.**, Choi, S., Kim, D., & Lee, C\*. (2026). Bayesian spatio-temporal modeling for policy evaluation: Sensitivity of policy effect estimates in the context of COVID-19 stay-at-home orders. [PLOS ONE](#), 21(2), e0339196. [SCIE, IF=2.8, Q2]

4. **Kim, P.** \*, Kim D., Scotch R., Jeong D., & Kowalske K. (2025). Geospatial analysis of community-level social and environmental barriers for adult burn injury survivors in North Texas. *Burns*, 51(5), 107512. [SCIE, IF=2.6, Q2]
3. **Kim, P.**, Maxwell, S. \*, Parijat, N., Kim, D., & McNeely, C. L. (2024). Targeted tick-borne disease recognition: Assessing risk for improved public health. *Healthcare*, 12(10). [SSCI, IF=3.4, Q1]
2. Hong, S. \*, Jeong, D., & **Kim, P.** (2024). Have offender demographics changed since the COVID-19 Pandemic? Evidence from money mules in South Korea. *Journal of Criminal Justice*, 91, 102156. [SSCI, IF=2.3, Q1]
1. **Kim, P.** & Bae, H. \* (2022). Do firms respond differently to the carbon pricing by industrial sector? How and why? A comparison between manufacturing and electricity generation sectors using firm-level panel data in Korea. *Energy Policy*, 162, 112773. [SSCI, IF=9.3, JCR Top 1.8%]

## UNDER REVIEW

---

“[Does Carbon Pricing Outperform Command-and-Control Regulation? Firm-Level Evidence from Korea's Dual Regulatory Framework](#)” (sole author), **R&R** at *Climate Policy*. [IF=5.5, JCR Top 4.6%]

“[Growing Up in Disability-Dense School Districts: Long-Term Impacts on Educational Attainment](#)” (sole author), **R&R** at *Educational Evaluation and Policy Analysis*. [IF=2.9, Q1]

“[Neighborhood Effects on the Educational Attainment of Children with Disabilities](#)” (sole author)

“[A Geography of Administrative Burden: Accessibility to Social Security Field Offices and Benefit Receipt in the United States](#)” (first author)

“[mHealth Intervention Integrating Personal PM2.5 Monitoring and Deep Learning to Reduce Pediatric Asthma Exacerbations: A Pilot Study](#)” (first author)

“[Spatial Heterogeneity in the Determinants of Antibiotic Prescribing Among Medicare Beneficiaries: A Geographically Weighted Regression Analysis](#)” (co-author)

“Geographic Accessibility to Preventive Maternal and Child Oral Health in Kenya” (first author)

## WORK IN PROGRESS

---

“Detecting Administrative Burden in Social Programs: Machine Learning for Targeted Outreach”

“The Impact of Medicaid Expansion on Cancer Outcomes” (with Kristine Hahm)

“Spatial Turn in Causal Inference” (with Lixi Xu, Lei Song, & Peter Kedron)

“A Parsimonious Approach to Gerrymandering Analysis” (with Joseph Holler & Peter Kedron)

“Where Does the Evidence Come From? Mapping the Geographic Footprint of Evidence from Federal Clearinghouses” (with Sarah Bardin & Peter Kedron)

**GRANTS** *Non-U.S. awards are reported in USD using award-date exchange rates.*[Principal Investigator]

1. What Is the Relationship Between Adolescent Neighborhood Environments and Long-Run Labor Market Outcomes for Children with Disabilities? ([#JSIT24-04](#)) 2024 – 2025
  - **PI: Pyung Kim**, UTD
  - *Social Security Administration via Retirement and Disability Research Center at UW-Madison* (\$6,000)

[Key Personnel]

4. North Texas Burn Rehabilitation Model System ([#90DPBU0006](#)) 2022 – 2026
  - Role: Data Scientist
  - PI: Karen Kowalske, *UTSW Medical Center*; co-PI: Dohyeong Kim & Richard Scotch, *UTD*
  - *National Institute on Disability, Independent Living, and Rehabilitation Research* (\$2,320,495)
3. Interventional Study to Prevent Exacerbation of Atopic Dermatitis by Exposure to Particulate Matter 2025 – 2026
  - Role: Data Scientist
  - PI: Kangmo Ahn, *Samsung Medical Center*
  - *Korea Disease Control and Prevention Agency* (\$629,630)
2. The Capacity-Building Project for Primary Healthcare Workforce to Improve Maternal and Child Oral Health in Kilifi County, Kenya 2025 – 2026
  - Role: Data Scientist ([field study in Kenya](#))
  - PI: Hyewon Lee, *Seoul National University*
  - *Korea International Cooperation Agency* (\$440,000)
1. Spatial Distribution of Natural Radiation in Jeonbuk and Jeonnam Provinces 2023 – 2025
  - Role: Data Scientist
  - PI: Yeol Rho, *Chonnam National Univ.*; co-PI: Dohyeong Kim, *UTD*
  - *National Institute of Environmental Research of Korea* (\$320,000)

**AWARDS AND HONORS**

- |                                                                                                                                                                    |             |

| The Next Century Humanities Scholarship (National Excellence Scholarship), <i>awarded by the Minister of Education; funded by the Korea Student Aid Foundation</i> | 2015 – 2018 |

## TEACHING

---

### [Co-Instructor]

Graduate methods workshops, Korea Social Science Data Archive, Seoul National University  
*Led the hands-on computing sessions (20 of 40 contact hours per workshop)*

- Machine Learning and Deep Learning for Social Science (Rating: 9.64/10) Winter 2026
- GIS and Spatial Statistics (Rating: 9.91/10) Summer 2025
- GIS and Spatial Statistics (Rating: 9.54/10) Summer 2023

### [Guest Lecture]

- Quasi-Experimental Mover Design, Peter Kedron's Lab, *UC Santa Barbara* Feb 2026
- Analysis of Variance, undergraduate statistics course (EPPS 2302), *UT Dallas* April 2025
- Probability Distributions, undergraduate statistics course (EPPS 2302), *UT Dallas* Feb 2025
- Introductory Calculus, graduate statistics course (EPPS 7313), *UT Dallas* Sep 2023

## INVITED TALKS

---

“Long-Term Effects of Neighborhoods on Educational Attainment by Disability Status”, May 2026  
*Geography Colloquium Lecture, University of California, Santa Barbara*

“Using GIS to Improve Rural Health Service Planning: Lessons from Kilifi County, Oct 2025  
 Kenya”, *Practitioner Seminar, Kilifi Department of Health in Kilifi County, Kenya*

## CONFERENCE PRESENTATIONS

---

\* APPAM (Association for Public Policy Analysis and Management); APHA (American Public Health Association); ASPA (American Society for Public Administration); ACRM (American Congress of Rehabilitation Medicine); SER (Society for Epidemiologic Research); ASA (American Sociological Association)

- 2026 APPAM (planned)
- 2025 APPAM, APHA, ASA, SER
- 2024 APPAM, ACRM, ASPA
- 2023 APPAM, APHA, ASPA

## TECHNICAL SKILLS

---

Statistical Analysis (R, STATA)  
 Geospatial Analysis (R, Arc GIS, QGIS, GeoDa, Tableau)  
 Machine Learning / Deep Learning (R, Arc GIS)

## SERVICE

---

### [Conference]

2026 APPAM Fall Research Conference Reviewer

### [Peer Reviewer]

*Policy Studies Journal (PSJ); International Journal of Finance and Economics; Energy Economics; Energy Policy; Scientific Reports; PLOS ONE*
